### **Coach Cox's Comments:**

There were five medalists today. We had full teams for the boys and girls and both teams finished in fourth place. It was a hot day so the high school races were shortened to 4K. Our young runners are developing and learned a great deal today, and are fairly young as well. Our JH runners did a great job today as well. This was a good learning experience for all!

**Yours in running,**

**-Coach Cox**
